Pre-application advice

Have you been given any pre-application advice on this application?

Yes No

If yes, please give the name of the Council Officer who gave the advice?

Integrated Development

Is this application for integrated development?

No Yes

If yes, under which Act do you require approval? **If no**, go to next section.

Heritage Act 1977 (s58) ▶ Do any exemptions apply under the Act? No Yes

If yes, and the development is wholly covered by the exemptions, the application will not be treated as integrated development. Please provide a copy of any exemptions under the Heritage Act 1977.

Roads Act 1993 (s138)

Or any other Act
(see Note 2 at the back of this form)

▶ Please specify which Act applies

Tree Removal (Integrated Development only)

Is a tree to be removed/pruned?

No Yes

If yes, extra information (such as an Aborist's report) must be provided to Council with this development application.

Has a tree permit been granted by Council? No Yes ▶ Give details below:

Details of Proposed Development

A Genuine and Accurate Proposed Cost of Development \$

45,000

To accompany this application form, you must provide one of the following:

\$0 - \$150,000 - a cost summary report prepared by the applicant or a suitably qualified person *

> \$150,000 - \$3 million - cost summary report prepared by a suitably qualified person *

> \$3 million - a detailed cost summary report prepared by a registered quantity surveyor

* see note 3 at the back of this form. Copies of cost summary report and detailed cost summary reports are available on Council's website under 'forms'

Heritage tree removal application only - no cost summary report required.

Gross floor area (hotel/serviced apartments - indicate one or both)

Site area **112.6**

Existing gross floor area (if applicable) **110.15**

*Total floor area including areas such as parking services (if applicable)

Proposed Gross floor area (residential)

Proposed Gross floor area (non-residential)

110.15

Floor Space Ratio (FSR) **0.97:1**

*Total floor area is to be calculated in accordance with section 7.13(6) of the Sydney Local Environmental Plan 2012.

Type of Application Please tick applicable box/es below

Is this application **solely** for removal of a tree/s listed on the City's heritage tree list? No Yes
 IF YES, skip to section "Heritage Tree Removal". If no, continue below.

Is this to be a staged DA? (major developments only) No Yes

IF YES, is it for: Stage One Stage Two Later Stage

Is there an adopted Development Plan or Master Plan in force? No Yes
 IF YES, please provide adoption date:

Number of off street parking spaces Existing Proposed

Number of off street loading spaces

Heritage

Is the property a heritage item, adjoining a heritage item or within a conservation area? No Yes
 IF YES, a Heritage Impact Statement and/or Conservation Management Plan and/or Demolition report must be provided.

Is this site contaminated as a result of past uses?

No Yes Unsure

Details of contamination if known

N/A

Has a site Contamination Report (Phase 1 and/or Phase 2) been submitted with this application?

No Yes

Temporary Structures (Hoardings, scaffolding and other structures)

Provide details of any proposed structures - see 'Note 32'

N/A

Critical Habitat

Is this land part of critical habitat identified under the Biodiversity Conservation Act 2016?
(see Note 4 at the back of this form)

No Yes

Fire Safety

Fire Safety Schedule attached (see Note 5 at the back of this form)

Details of Proposed Development...continued

Will the development result in a change in the BCA classification of the building? No Yes

If yes, will a Construction Certificate be required? No Yes

If No, you must complete a Fire Safety Schedule and include it with this application, specifying the fire safety measures that should be implemented in the premises.

Environmental Impact

Environmental Impact (see Note 6 at the back of this form)

A Statement of Environmental Effects (S.E.E.) is attached No Yes

If the development is for Designated Development, an Environmental Impact Statement is attached No Yes

IF NO, and the development is considered to have a **negligible impact** (e.g. minor internal alterations), please state the reasons why in the box below. Please describe the likely impacts of the proposed development upon the surrounding area including visual impacts and impacts to the amenity of the surrounding area. NOTE: A separate S.E.E. must be provided in all other cases.

Design Verification Statement

A Design Verification Statement is attached (required for a residential flat building comprising of three or more storeys or four or more self contained dwellings- see Note 7 at the back of this form) No Yes

Model

Physical and digital 3D models are required for any development in the CBD that involves change to the building envelope. For all other areas, models are needed for new developments or major alterations and additions that result in a building over three storeys in height or a cost of 5 million dollars or more. The physical model is to be a 1:500 scale.

Do you need a model? No Yes

If yes, please contact Council model making staff to discuss all requirements in relation to a physical and a digital 3D model prior to lodgement of the application, email: model@cityofsydney.nsw.gov.au. **Your application will not be lodged without a model.**

IMPORTANT: Models should not be larger than 800mm x 800mm and should not exceed 25kg in weight.

Digital models are ONLY able to be received by Council on a separate CD or USB. Do not include digital model files alongside application files.

Developments requiring a model can ONLY be lodged Monday to Friday at: One Stop Shop, Level 2, Town Hall House, 456 Kent Street Sydney, NSW, 2000.

BASIX Certificate

A Basix Certificate is required if the development is one of the following:

- New residential building
- Alterations & additions to residential buildings (cost over \$50,000)
- Change of use to residential dwelling
- Swimming pool over 40,000 litres

A BASIX Certificate identifies the sustainability features required to be incorporated in the building design. These features may include sustainable design elements such as recycled water, rainwater tanks, AAA-rated showerheads and taps, native landscaping, heat pump or solar water heaters, gas space heaters, roof eaves/awnings and wall/ceiling insulation.

Information on obtaining and generating a certificate can be found on the NSW Department of Planning BASIX website: www.basix.nsw.gov.au of the Basix Help Line on 1300 650 908 or Email: basix@planning.nsw.gov.au

Is a BASIX certificate attached to this application? No Yes

NOTE: The certificate must be no older than 3 months at lodgement.

Shadow Diagrams

Is a shadow diagram attached to this application?

No Yes

Shadow diagrams must be prepared as follows:

- in accordance with the survey (prepared by a registered surveyor) which is required to be submitted with the application;
- drawn to true North;
- indicate shadow cast by the proposal between 9.00am and 3.00pm on 21st June at hourly intervals;
- indicate the shadow cast by existing buildings and structures on the site and in the surrounding area;
- indicate shadows cast by the proposal;
- indicate the extent of additional overshadowing cast by the proposal;
- indicate the extent of overshadowing both at ground level and to windows of adjoining and surrounding premises.

Survey Plan Requirements - Contour & Detail Survey

A contour & detail survey plan prepared by a registered surveyor and copy of the DP and a current (less than 6 months old) title must be submitted with applications for land subdivisions, new buildings or alterations and additions to buildings (not required for internal or minor works e.g. signage).

A boundary survey will be required where the proposed works are located within 1 metre of side or rear boundaries. For all survey plans, refer your surveyor to the survey plan requirements, located online: <http://www.cityofsydney.nsw.gov.au/development/application-guide/application-process>

Heritage Tree Removal

Tree Details

Is the tree listed as an individual heritage item? No

Yes

Is the tree listed on the City's heritage tree list? No - do not lodge this form

Yes

▶ A Heritage Impact Statement/Report must be provided

Is the tree/s subject to a current development application and any conditions of consent?

No Yes

▶ Do not lodge this form. You must lodge a Section 96 application.

Is this the first application for this tree/s?

Yes No

▶ Please provide details of previous application/s:

Number of trees to be removed:

N/A

Tree details (species/common name if known):

Reason for removal:

Additional documents required for lodgement

Applicant supplied

1. Statement of Environmental Effects (basic information to be included)
2. Statement of Heritage Impact (if tree/s is a Heritage Items and/or Significant Trees)
3. Scaled plan or survey of the subject site including the location of all trees to be removal and retained (must be less than 6 months old)

Supporting documentation

4. Arborist Report - Council's Tree Management Officer is limited to an above ground visual assessment only. Aerial inspection, root or soil analysis, exploratory root trenching, internal diagnostic testing and Risk Assessment must be provided by a qualified consultant Arborist, who holds a minimum of Level 5 in Horticulture (Arboriculture) under the Australian Qualification Framework

Heritage Tree Removal

5. Structural Engineers Report - A Structural Engineers Report must be provided with all applications involving damage caused by the tree. The report (at a minimum) must detail a general description of the building/structure and damage, identify any roots (size and number) contributing to the damage through exploratory root investigation, repairs and mitigation measures required to the building/structure. Further, the report shall provide reasons why the damage cannot reasonably be remediated without the removal of the tree (i.e. not solely recommend tree removal).
6. Plumbers Report and Sewer Diagram - A Plumbers Report and sewerage diagram must be provided for applications involving damage to pipes justifying why repairs or replacement cannot be achieved due to the tree/s location
7. Landscape Plan / Replacement Planting - A Landscape Plan which includes replacement planting details may be required for sites containing inadequate canopy cover or where tree removal will have a negative impact on the local amenity
8. Other - Include any other documentation that may assist Council's assessment of your application

Checklist for Lodging a Development Application

The following information is required in digital format. All digital information should be contained on one USB. Please tick all applicable boxes below which relate to documents you intend to lodge with this application)

Applicant Supplied

1. Owner's consent (see Note 1)
2. Applicant's Signature on application form
3. Plans and accompanying documents - All plans and documents must be submitted in digital format and comply with the "Digital Requirements" document.

NOTE: Digital files must be virus free. Each plan and document must be supplied as a PDF file no larger than 20Mb in size and named in accordance with Council's [Digital Requirements](#).

As all Information provided on the USB (excluding Part A of the Application form and non-exhibition plans) will be publicly available, personal information such as credit card details and any other personal information must NOT be copied onto the USB.

4. Drawings to scale including location plan, site plans, existing floor plans, proposed floor plans, all elevations (see Note 8)
 - for minor developments such as change of use, signs, shop fit out or single residential dwellings
 - all others
 - integrated development: 1 additional copy of the plans on a separate USB for each referral agency.
5. Survey Plan

A contour & detail survey plan (including details of adjoining development) prepared by a registered surveyor and a copy of the DP and a current title. If proposed works are within 1 metre of side or rear boundaries, there must be a note on the survey confirming that a boundary survey has been made.
6. Statement of Environmental Effects or Environmental Impact Statement (see Note 6 at the back of this form)
 - if the development is minor, complete the environmental impact statement section on the form.
 - Arborist report where applicable
7. BASIX Certificate
8. Registered Quantity Surveyors detailed cost of development report
 - if the development exceeds \$3 million (see Note 3 at the back of this form).
 - a Cost Summary Report for all applications under \$3 million.

The following information is required for new buildings, major alterations/additions and other development.

Applicant Supplied

9. A written request to justify contravention of a development standard.
 - if the building does not comply with a development standard contained in the relevant LEP
10. Photomontage
 - for all new buildings and major alterations/additions
11. Perspectives for all new buildings and major alterations/additions
 - in addition for all major developments a digital copy is required for Councillor presentation
12. Shadow Diagram where there are changes proposed to the building envelope
 - diagrams to show existing and proposed impacts at the Midwinter (21 Jun) and if applicable elevation shadows if shadows fall upon neighbouring windows/openings

- | | |
|--|-------------------------------------|
| <p>13. Sample Board and Specification of Finishes
 Specifications and photographs of the external finishing materials to be used in the construction of the development shall be indicated on the plans and in the supporting information.</p> <p>Please note: Council may request a physical sample board which must be no larger than A3 size and not weigh more than 5kgs (multiple boards can be submitted if necessary)</p> | <input checked="" type="checkbox"/> |
| <p>14. Landscape plan
 - for all new residential buildings, commercial development, industrial development, mixed use development and special use development.
 - For concept (stage 1) DAs that will lead to a competitive design process the landscape plan is to be written and diagrammatic rather than providing a detailed illustrative plan. The landscape plan should identify key constraints, aspirations and design requirements that may be incorporated into a future competitive design process brief.</p> | <input type="checkbox"/> |
| <p>15. Heritage Impact Statement and/or Conservation Management Plan and/or Demolition Report</p> | <input checked="" type="checkbox"/> |
| <p>16. Archaeological Baseline report
 - if the site is identified in the draft Archaeological Zoning Plan for Central Sydney 1992</p> | <input type="checkbox"/> |
| <p>17. Acoustic report
 - for all new residential buildings.</p> | <input type="checkbox"/> |
| <p>18. Noise impact statement
 - for new licensed premises, extension of trading hours of licensed premises and for other uses which generate noise.</p> | <input type="checkbox"/> |
| <p>19. Plan of Management
 - licensed premises; convenience stores, educational establishments and where the use requires.</p> | <input type="checkbox"/> |
| <p>20. Security Management Plan
 - for all new residential buildings, licensed premises, convenience stores.</p> | <input type="checkbox"/> |
| <p>21. Traffic and Parking Study
 - for all new buildings and where the use may generate additional traffic and parking requirements.</p> | <input type="checkbox"/> |
| <p>22. Energy Efficiency report
 - for all new buildings and strata subdivision of existing buildings, major alterations/additions - details for solar hot water systems for applications in Glebe/Forest Lodge are also to be provided.</p> | <input type="checkbox"/> |
| <p>23. A Design Verification Statement
 - for new residential flat buildings.</p> | <input type="checkbox"/> |
| <p>24. BCA Statement / Building Services Report / Alternate Solution or Fire Engineering Report.
 - for all new buildings and strata subdivision of existing buildings, major alterations / additions or when varying the provisions of the BCA.</p> | <input type="checkbox"/> |
| <p>25. Geotechnical report
 - for excavation works.</p> | <input type="checkbox"/> |
| <p>26. A list of Category 1 Fire Safety Provisions
 - for development involving a change of use of a building with no building work, other than a dwelling (house) or a building or structure that is ancillary to the dwelling (house).</p> | <input type="checkbox"/> |
| <p>27. Reflectivity report
 - for all new buildings and as required.</p> | <input type="checkbox"/> |
| <p>28. Wind effects report
 - for all new buildings which exceed 45 metres in height.</p> | <input type="checkbox"/> |
| <p>29. Contamination Report
 - a detailed Environmental Investigation is required where the land use is changed from non-residential to a more sensitive use.
 Please refer to the Sydney DCP 2012.</p> | <input type="checkbox"/> |

Notes for completing an Application for Development

Note 1

- 1) The **EP& A Act** requires that all owners consent to the lodging of an application.
- 2) It is the applicant's responsibility to clearly demonstrate that all owners have consented to the lodging of the application. The Council will not accept an application without the correct owners consent.
- 3) **Owner(s)** - all owners are to sign (please note additional requirements for other types of ownership below).
- 4) **Company/Organisation** - If the owner is a company, the owners consent must be signed in accordance with the Corporations Act 2001 by:
 - (a) one company director and company secretary; or
 - (b) two company directors or
 - (c) if a sole director/secretary company, the sole director.

The applicant must provide the ABN or ACN numbers, the names and positions of those signing the consent, an up to date (dated the day of lodgement or the day before) ASIC company extract (www.asic.gov.au) and any other required supporting documentation.
- 5) **Joint wall/fence** - when works affect a joint wall or fence, consent of all property owners is required (e.g.Semi-detached or terrace dwelling and boundary fence).
- 6) **Strata title/body corporate** - if the property is a unit under strata title, then in addition to the owner(s) signature the following must be provided if any works or proposed use affect common property:
 - The common seal of the owner's corporation must be stamped on this form and witnessed by two members of the executive committee (where there is a determination by the owners corporation), the secretary of the owners corporation and another member of the executive committee, or the appointed strata managing agent;
 - **and** One of the following:
 - (a) A letter on strata management letterhead stating that the requirements of the Strata Schemes Management Act 2015 have been met; **or**
 - (b) Copy of resolution or minutes showing that a special resolution has been passed at a general meeting of the owners corporation that specifically authorises the change to common property.
- 7) **Signing on owners behalf** - if you are signing on the owner's behalf as the owner's representative, you must state the nature of your legal authority and attach documentary evidence of your authority (a full copy is required). Depending on **the nature of your authority, the following evidence may be accepted: Power of Attorney, Trust Deed, Probate, Letters of Administration, Delegation Schedule, Letter (with organisation's letterhead) confirming your authority.**

- 8) **New owners** - if the property has recently been sold, documentary evidence of the sale must be provided.
Please provide one (1) of the following:
- **A copy of the Certificate of Title**
 - Previous owner's consent to the application.
- 9) Under Section 10.4 of the Environmental Planning and Assessment Act 1979, any reportable political donation to a councillor and/or a Council employee within a two (2) year period before the date of this application must be publicly disclosed.

Further information, including a "Political Donation and Gifts Disclosure Statement" form and a glossary of terms, is available online at the City's website, www.cityofsydney.nsw.gov.au under any Council's office locations.

Note 2

Integrated development that requires development consent and one or more of the following approvals:

Heritage Act 1997 s58 - approval in respect of the doing or carrying out of an act, matter or thing referred to in s57 (1)

s57(1) of the Heritage Act 1977 applies to building works, relic or places on the State Heritage Register

Roads Act 1993 s138 - consent to:

- a) erect a structure or carry out a work in, on or over a public road; or
- b) dig up or disturb the surface of a public road; or
- c) remove or interfere with a structure, work or tree on a public road; or
- d) pump water into a public road from any land adjoining the road; or
- e) connect a road (whether public or private) to a classified road.

Integrated Development applies to any other Acts under which a development needs approval, including:

- Fisheries Management Act 1994 - s144, s201, s205
- Mine Subsidence Compensation Act 1961 - s15
- National Parks and Wildlife Act 1974 - s90
- Protection of the Environment and Operations Act 1996
- River and Foreshores Improvement Act 1948 - part 3A
- Waste Minimisation and Management Act 1995 - s4
- Water Act 1912 - s10, s13A, s18F, s20B, s20CA, s20L, s116, part B

An application for integrated development must include sufficient information for the approval body to make an assessment of the application. If your application is for Integrated development, an additional fee will be payable directly to the relevant agency. This will be requested through the NSW Planning Portal after you lodge your application.

Note 3

In the case of construction or building work, the development application fee is based on the estimated cost of development and is based on the cost incurred if a contractor carried out the works (this is not the cost of an owner-builder carrying out the works).

- \$0 - \$150,000 you will need to provide Council with the site area; gross floor area (for all uses); the applicant or suitably qualified person* must provide a cost summary report cost of demolition and site preparation; excavation; fit-out (for all uses); car parking and professional fees, this can be submitted on councils cost summary form available on councils website.
- > \$150,000 - \$3 million, you will need to provide Council with the site area; gross floor area (for all uses); a suitably qualified person* must complete a cost summary report to include the cost of demolition and site preparation; excavation; fit-out (for all uses); car parking and professional fees, this can be submitted on council cost summary form available on councils website
- > \$3 million, a registered Quantity Surveyor's detailed cost report verifying the cost must be submitted on lodgement of the development application, in the Council approved format available on the Councils website. In the case of development which exceeds \$40 million in cost, it is imperative that an accurate estimate is determined at development application stage as this will determine the correct Consent Authority. Please note that the Central Sydney Planning Committee is the Consent Authority for all development over \$50 million.

* The following people are recognised as 'a suitably qualified person'

- A builder who is licensed to undertake the proposed building works, or
- A registered quantity surveyor, or
- A registered architect, or
- A practising qualified building estimator. or
- A person who is licensed and has the relevant qualifications and proven experience in costing of development works at least to a similar scale and type as is proposed
- A land surveyor registered under the Surveying and Spatial Information Act, 2002

Note 4

If the land is, or is part of, critical habitat or development that is likely to significantly affect threatened species, populations or ecological communities or their habitat as identified under the Biodiversity Conservation Act 2016, then a species impact statement is required.

Note 5

Clause 168 of the Environmental Planning and Assessment Regulation 2000 requires a list of current and proposed fire safety measures to be attached to any development involving a change of building use (BCA classification), where no building work is required (except where the proposed change is to a class 1A or class 10 building). A Fire Safety Schedule of existing fire safety measures must be filled in and attached.

Note 6

Where a proposed development is not designated development, the application must be accompanied by a statement of environmental effects unless the proposed development is considered to have negligible effect (e.g. minor interior alterations) which must:

- a) demonstrate that the environmental impact of the development has been considered;
- b) set out steps to be taken to protect the environment or to mitigate the harm;
- c) address compliance with the appropriate instrument (and any exhibited draft instruments). These instruments are available from Council or to view and download on Council's website under Development and Planning Controls

Note 7

State Environmental Planning Policy No.65 requires a design verification statement for all development applications for residential flat development. The design verification statement must be from a qualified designer being a statement in which the qualified designer verifies:

- a) that he or she designed, or directed the design of the residential flat development; and
- b) that the design quality principles set out in part 2 of SEPP 65 - Design Quality of Residential Flat Development, are achieved for the residential flat development. A qualified designer means a person registered as an architect in accordance with the Architects Act 1921.

Note 8

A plan of the land must indicate:

- a) location, boundary dimensions, site area and north point of the land;
- b) existing vegetation and trees on the land;
- c) location and use of existing buildings on the land;
- d) existing levels of the land in relation to buildings and roads; and
- e) location and use of buildings on sites adjoining the land.

Plans or drawings describing the proposed development must indicate (where relevant):

- a) the location of proposed new buildings or works (including extensions or additions to existing buildings or works) in relation to the land's boundaries and adjoining development. Clause 56 of the Environmental Planning and Assessment Regulation 2000 requires an A4 plan of the building that indicates its height and external configuration as erected. If the development involves building work to alter, expand or rebuild an existing building, a scaled plan of the existing building is required;
- b) floor plans of proposed buildings showing layout, partitioning, room sizes and intended uses of each part of the building;
- c) elevations and sections showing proposed external finishes and heights;
- d) proposed finished levels of the land in relation to buildings and roads;
- e) building perspectives, where necessary to illustrate the proposed building;
- f) proposed parking arrangements, entry and exit points for vehicles, and provision for movement of vehicles within the site (including dimensions where appropriate);
- g) proposed landscaping and treatment of the land (indicating plant types, their height and maturity); and
- h) proposed methods of draining the land.

Note 9

Applications which have insufficient / deficient documentation and / or detail may be returned to the applicant if Council is unable to assess the application. Council can request additional information from applicants for the application to be assessed and this can delay the assessment. Please ensure all requirements are met when submitting an application.

Note 10

Your development application may require notification and/or advertising in the paper to enable interested persons to comment on the proposal. The notification period inviting comment from surrounding residents and the public can vary depending on the type of development. If notification / advertising is required, a separate fee will be payable.

Temporary event application must be lodged a minimum of 4 weeks prior to Event date to allow sufficient time for notification and referrals.

Part 13: Lodgement Details
